

This letter is intended to address the Request for Additional Information issued by the FEC on July 28, 2010.

In regard to the two credit card contributions by James Derderian and John Blagas, the email notifications sent the actual day these two individuals submitted the contribution on-line were inadvertently missed. The contributions were entered after they were processed and forwarded to the campaign which was after the 48-Hour notices ended.

The Committee has conducted an internal review of its process and procedures to make certain that no contributions that meet the 48-Hour Notice requirement were overlooked. The Committee takes this regulation very seriously, and has implemented bookkeeping and administrative changes to assure full compliance. We maintain a hardcopy of every financial transaction, and would gladly provide this material upon request.

We do recognize also that one receipt from Judith Dailey was inadvertently missed on a deposit, and we will demonstrate our due diligence to mitigate any risks of this happening in the future.

Thank you for your consideration. If you should have questions or additional request, please feel free to contact me.
